

Lisa Universal Canvas 390

■ matt 3647 - 390 g/m²

Matt coated, economical and highly flexible artist canvas for premium graphic art applications. Through constant processing, the base material has a flexible surface.

Applications

- Indoor signs
- Indoor promotions
- Framed art

Advantages

- 100 % cotton base, reverse natural brownish
- The matt finished inkjet coating is water-resistant
- Quick dry
- Flexible coating enables framing without edge cracking

Lisa Universal Canvas 390

■ matt 3647 - 390 g/m²

Physical Properties

Test conditions	23°C/50%R.F.	
Weight	390 g/m ²	ISO 536
Thickness	600 µm	ISO 534
Whitness	90	Wcie

Recommended use and storage

The converting and storage should take place in a climate from 35 to 65% to relative humidity at a temperature from 10 to 30 C. Due to the natural components of the material it tends to curl when relative humidity is quite high, what can cause print head damages. We recommend that the material is first removed from original packaging when printing commences! It is always recommended that cotton gloves be used when handling InkJet coated materials to avoid fingerprints.

The values provided on this datasheet are only for orientation.

Before using our media please check its compatibility for your printer and intended application. Technical specifications are subject to change, therefore we do not take responsibility for any misprints resulting from technically modified inks and/ or printers. 04.06.2012
